TECHNICAL INFORMATION

Clean up spills

- Safe to use on oils, water, lubricants, solvents, coolants and other chemicals
- Silica- and asbestos-free for employee health
- Slip resistant for workplace safety

Neutralize contaminates

- Immediate absorption
- Contains liquids fast
- Quick, easy clean up

Stabilize liquids

- Prevents leakage
- Retains most liquids
- Non-abrasive

Easy disposal and clean up

- Biodegradable
- Can be incinerated
- Stain- and scour-free
- High BTU/low ash

Zip-Sorb is an environmentally responsible product made from wood waste not new wood. It is lightweight yet uniquely designed to soak up more liquid than most comparable products so you use less. Zip-Sorb is easy to clean up, lightweight, biodegradable, and can easily be disposed of safely by incinerating.
